Killers Hunt

MIAMI, July 15 (UPI)—A Cuban exile radio commentator said today that Premier Castro has sent three secret agents to Mexico to assassinate his sister, Juana, who defected and fled the communist island last month.

Pepita Riera, who does a daily radio program sponsored by the Revolutionary Unity Exile Organization, said disclosure of the "murder mission" by Castro agents was made by a Cuban government source of "complete creditability." Manuel (Red Beard) Pineiro
